Ending: During the tenth sequence, you will start the dance facing 12:00. Dance to count 15 then STOMP L fwd to 12:00 as you place both hands out to the side at hip height. Ta-Da!

Notes: There could have been a third restart but I decided not to include it as it was towards the end of the track. I also made the decision not to start the dance immediately so instructors didn't have to rush to the stage or have to edit the track by adding an introduction. You're welcome.
